

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

VHIR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Nurse Researcher

HIV/STI group integrated in the Research Area of Infectious Diseases

Unitat/Direcció/Grup de Recerca

The HIV/STI Group is a multidisciplinary research team that collaborates in the development of new treatments for HIV through participation in clinical trials and basic research projects to improve the quality of life of patients with HIV infection.

We offer a vacant position for a nurse researcher in order to perform tasks related to the different clinical trials of the group.

JOB DESCRIPTION

Education and qualifications:

Required:

- Degree Diploma in Nursing

Desired:

- Spanish, Catalan and English: fluent written and spoken (B2 or above ideal)
- A good computer literacy level; especially an advanced level in MS office
