

The Vall d'Hebron Research Institute (VHIR) is a public sector institution that promotes and develops the research, innovation and biosanitary teaching of the Vall d'Hebron University Hospital. Through the excellence of our research, we identify and apply new solutions to the health problems of society and we contribute to spread them around the world.

HR EXCELLENCE IN RESEARCH

In April 2015, the **Vall d'Hebron Research Institute (VHIR)** obtained the recognition of the European Commission **HR Excellence**.

This recognition proves that VHIR endorses the general principles of the European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers (**Charter & Code**).

VHIR embraces Equality and Diversity. As reflected in our values we work toward ensuring inclusion and equal opportunity in recruitment, hiring, training, and management for all staff within the organization, regardless of gender, civil status, family status, sexual orientation, religion, age, disability or race.

Postdoctoral position Biomedical Research in Gynecology

VHIR seek a vacancy/vacant position for a **Postdoctoral** within the **Group of Biomedical Research in Gynecology** in order to getting involved in an innovative project to achieve the next step for the accurate diagnosis of endometrial cancer.

More information about our group can be found here:

<http://www.vhir.org/portal1/grup-lines.asp?s=recerca&contentid=186716&idrefer=186717>.

JOB DESCRIPTION

Education and qualifications:

Required:

- PhD in Biology, or similar science degrees.
- Fluent in English
- Experience in ELISA technology ...
- Passionate, proactive, willing to learn and committed

Desired:

- Previous experience in a research group.
- 2 publications as first author.
- Experience in mass spectrometry
- Experience in biotech/pharma companies
- Experience in product development
- Fluency in Catalan, Spanish, English (business level)
